

Department Report

Report Title: Public Works—July 2023

Name and Title: Mark Buchanan, PW Director/City Engineer

Recently Completed:

- Installation of beds/flowers at 147 North Park. This is a small upgrade for the unprotected sunflowers of last year.
- Debris cleanup from recent storms. The very large tree on Jones Circle, one of the largest trees in the city was removed by contractors with the aid of city crews.

Ongoing:

- East Main Street repairs. At time of this writing, the scope, schedule and budget remained unchanged with a completion expected near the first week of October.

- Morrison Moore Pedestrian Bridge and Sidewalk design and permitting. At this time, construction is expected in late 2024.
- North Grove St. sidewalk upgrades between Main Street and Skyline Drive. Project has been awarded.
- Park Street water, sewer and storm project has reached the bid phase.
- Golden Avenue storm drain. Coordination with neighboring property owners regarding necessary easements is ongoing.
- Construction of new Hancock Park solid waste facility.

Upcoming (these projects are currently either in concept, design or build phase):

- Mechanicsville curb and gutter installation between Morrison Moore and Head Start. Project stakeout was complete at time of this writing.
- Selected portions of the Arcadia Street water and sewer main project/Mechanic Street to Morrison Moore sidewalk.
- Memorial Park Cemetery storm drain installation. To be performed by city crews. Materials received...working with owner of adjacent parcel.
